- 3)
Look at the pictures and match them with the related sentences. Write (G) for global warming, (D) for deforestation and (S) for saving energy near the sentences.

Global warming

Deforestation

Saving energy

- 1- We should use renewable sources. (____)
- 2- The weather gets warmer and warmer. (____)
- 3- We should plant more trees because the numbers of trees are decreasing day by day. (____)
- 4- The ice in poles is melting so polar bears lose their habitats. (____)
- 5- People mustn't cut down the trees illegally. (____)
- 6- We must buy rechargeable batteries. (____)

4)

Write the missing letters

1. P _ S _ _ C _ _ E

2. _ H E _ _ C _ L

3. _ N _ _ R O _ M _ _ T

4. _ A I _ _ O R _ _ T

5. R _ N _ _ A B _ _

6. _ O L _ _ T _ _ _

5)

Michael and Jason are in English class now. The teacher gives them some role cards. They will read the role cards and make a dialogue together. They will use the prompts in the blue box.

Michael's Role Card

You will talk about what people must do to protect the environment.

Jason's Role Card

You will talk about what people mustn't do to protect the environment.

- use public transportation
- stop destroying forests
- cut down the trees
- buy rechargeable batteries
- use fossil fuels as energy sources

- use plastic bags
- walk or ride a bike to go to near places
- overuse the energy
- pollute the environment
- be careful about global warming

Can you guess their sentences? Write their sentences using must or mustn't

Michael's Sentences

- People must _____
- _____
- _____
- _____
- _____
- _____
- _____
- _____
- _____

Jason's Sentences

- We mustn't _____
- _____
- _____
- _____
- _____
- _____
- _____
- _____
- _____

A- TESTS

TEST 1-

Students in Yağmur's school throw away plastic bottles after using them. There is too much plastic waste. She wants to make a project to prevent this.

Which of the following can NOT be one of Yağmur's solutions?

- A) We must use single-use-plastics.
- B) We should carry a reuseable water bottle.
- C) We have to prefer cartoon boxes to plastic ones.
- D) We have to classify our rubbish and recycle them.

TEST 2-

Planting a Tree

- I. First, you should choose a suitable place to plant your tree.
- II. Place the tree in the center of the hole carefully.
- III. Next, fill the hole with soil gently.
- IV. Then, dig a hole with a shovel.
- V. Finally, water your tree.

Which of the following is the correct order of the steps of planting a tree?

- A) I, III, II, IV, V
- B) I, II, IV, V, III
- C) I, IV, II, III, V
- D) I, II, III, IV, V

TEST 3-

Scientists explained the reasons of climate change. Here are the results.

According to the chart above which of the following is FALSE?

- A) Greenhouse gases cause climate change more than fossil fuels.
- B) Global warming affect climate change most.
- C) Fossil fuels have the least effect on climate change.
- D) Deforestation is the only reason of climate change.

TEST 4-

Mr. Smith is asking some questions to his students about the environment.

Let's remember what we learned about environment.

Mr. Smith:?

John: It is the increase in the temperature of the Earth's atmosphere.

Mr. Smith:?

Alan: It is the pollution of rivers, lakes and seas.

Mr. Smith:?

Sue: It is cutting large amount of trees.

Mr. Smith:?

Candy: It is the release of harmful gases into the atmosphere.

Which of the following question does NOT Mr. Smith ask his students?

- A) What does "air pollution" mean?
- B) What is "global warming"?
- C) What does "deforestation" mean?
- D) What is "greenhouse effect"?

TEST 5-

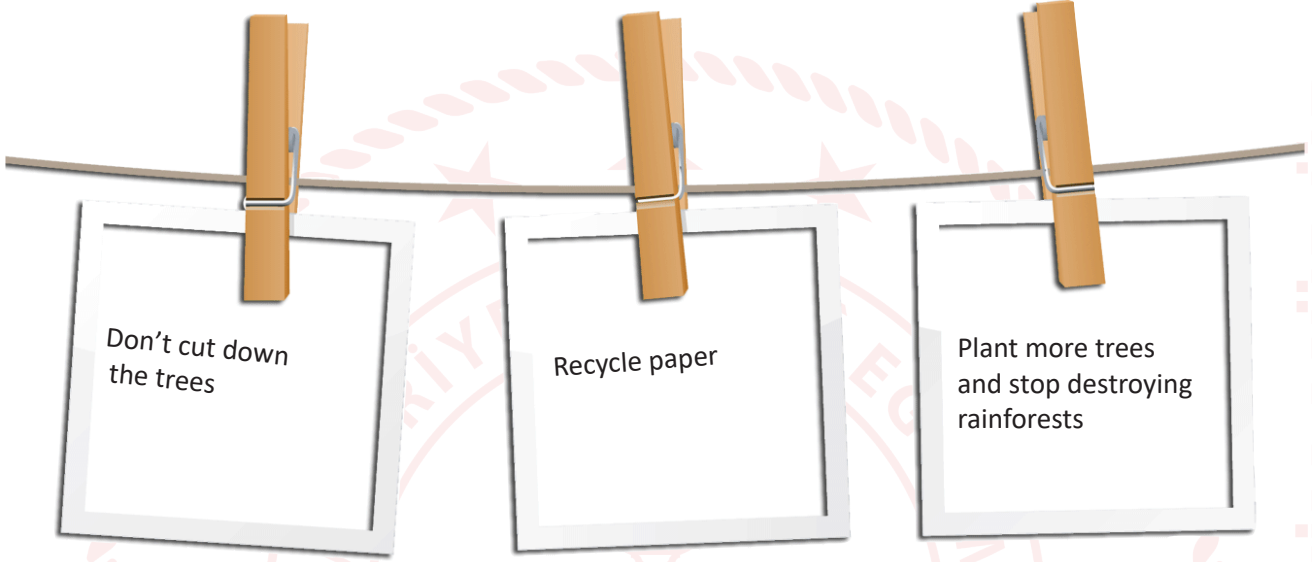

Five eco-friendly volunteers are preparing a questionnaire about environment. You can see their questions below.

Imagine you are a great eco-friendly person. Whose question do you answer with 'NO'?

- A) Mark - Sue
- B) Sue - Nick
- C) Nick -Mary
- D) Mary -Lucy

TEST 6-

Kate wants to make a campaign to save the environment. She prepares some posters about it.

What is her campaign about?

- A) Pesticides
- B) Deforestation
- C) Nuclear waste
- D) Renewable energy

TEST 7-

Tim is doing homework about the environment. He writes his ideas for his poster. However, he makes some mistakes.

- ✗ We must use eco-friendly bag.
- ✗ We mustn't use renewable energy.
- ✗ We must recycle paper, glass and metal.
- ✗ Farmers should use too many pesticides.
- ✗ People should keep the environment clean.
- ✗ People should take necessary precautions to save energy sources.

According to the information above, how many mistakes does Tim make in his homework?

- A) 1
- B) 2
- C) 3
- D) 4

ANSWER KEY

ACTIVITIES

- 1)
 1- We mustn't cut down trees.
 2- We must recycle paper, bottles.
 3- We must buy rechargeable batteries.
 4- We must use plastic bags.
 5- We must use solar energy.
 6- We mustn't waste energy.

- 2)
 1- pesticides
 2- solar energy
 3- deforestation
 4- recycle
 5- global warming
 6- rubbish
 7- temperature
 8- reduce
