My favourite type of film is science fiction. It's great. The space ships are fantastic in this movie. I love different types of movies. I love animations, too. There are two animation movies I really like. One is about a very lazy cat. Its orange colour is lovely. It is funny and always hungry. The other is about a very brave girl. She has got a bow and arrow. Comedies are also great. My favourite comedy movie is about a detective. He does really funny things. But in the end, he always catches the bad guys. I love the films about the wars or old days. There is a film about brave Turkish soldiers. It is very sad because they all die because of very cold weather.
